Security Question

Answer

Once registered, you will be prompted for activation information from your practice, which is required to access your services. If you do not have the activation information yet, the activation information can be entered at a later time once your account has been registered.

5. If successful, you will be shown this screen:

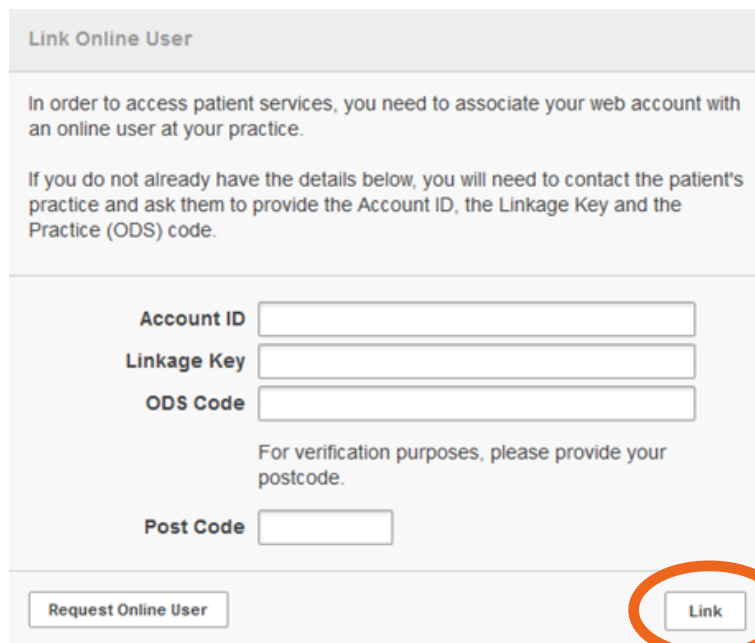

Register User

You have been registered successfully. Click continue to link your account to a patient. If you do not yet have the linkage details, you can do this later after obtaining the necessary information from your practice.

Continue

6. You will then receive an email containing 3 activation codes, a link to The Waiting Room and a deadline for when these codes will expire. If they expire, you will need to request new ones from your surgery. Follow the link in this email.

Copy and paste your activation codes and enter your postcode into their appropriate boxes and click 'Link'.

Link Online User

In order to access patient services, you need to associate your web account with an online user at your practice.

If you do not already have the details below, you will need to contact the patient's practice and ask them to provide the Account ID, the Linkage Key and the Practice (ODS) code.
